A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

A Reliable Remedy FOR CATARRH

Ely's Cream Balm

Is quickly absorbed. Gives Relief at Once.

It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Full size 50 cts. at Druggists or by mail. Liquid Cream Balm for use in atomizers 75 cts. Ely Brothers, 56 Warren Street, New York.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

THE PRESIDENT AT VICKSBURG.

President Roosevelt paid a flying visit to Vicksburg, Miss., Monday and made a speech in the afternoon. He was accorded a hearty reception, after being introduced by Hon. John Sharp Williams. Mr. Roosevelt in his speech said:

"I should not be fit to be President at all if I did not with all my might and main, with all my heart and brain, seek to be in the full sense the President of Mississippi, the President of every State in the union. It is a good thing for an American President to travel over the country, not for what he can teach, but for what he can learn. While I do not like to say, in advance, what I intend to do, I shall break my rule in this case and say that in my next message to Congress I shall advocate, as heartily as I know how, that the Congress now elected shall take the first steps to bring about that deep channelway and the attendant high and broad levee system which will make of these alluvial bottoms the richest and most populous agricultural land on the face of the globe. I believe that through the co-operation of the national government as much can be done in the way of irrigation to relieve the condition in certain southern States as has already been done in the far west."

I am glad to be here in this historic city, this city forever memorable of the conflicts in which victor and vanquished alike showed such splendid courage, such splendid fealty to the light as it was given to each. Even before the civil war Mississippi's sons had shown that they knew how to fight. "It was from Vicksburg that a company of that famous Mississippi regiment which won undying renown in the Mexican war under the gallant leadership of its colonel, who afterward became the favorite son, not only of Mississippi, but of all the South, Jefferson Davis, came. Think how fortunate we are as a nation that it is possible for the President of the nation to come here today to be conducted through your national park by the surviving lieutenant general of the Confederate army, and to feel that every instance of heroism recorded by the monuments alike to the Union and to the Confederate dead on that battlefield is a subject for just pride to every citizen of this nation, no matter where he lives.

To check a cold quickly, get from your druggist some little Candy Cold Tablets called Preventics. Druggists everywhere are now dispensing Preventics, for they are not only safe, but decidedly certain and prompt. Preventics contain no Quinine, no laxative, nothing harsh or sickening. Taken at the "sneeze stage" Preventics will prevent Pneumonia, Bronchitis, La Grippe, etc. Hence the name, Preventics. Good for feverish children. 48 Preventics 25 cents. Trial Boxes 5 cts. Sold by E. S. Leadbeater & Sons.

DESCENT OF A DESCENDANT.

Most Virginians and probably all the kin and connections of the Fairfax family will share the regret and mortification expressed by the New York Telegraph that Albert Kirby Fairfax, lineal descendant of Lord Kirby Fairfax of Cameron and legal heir to the title, has renounced his American citizenship and become a British subject and baron. Six or seven generations of the Virginia Fairfaxes believed that there could be no higher social position of honor than that of a modest, well-bred, clean-living Virginia gentleman. Conscious of the right to wear the title they ignored it. The father of this young man was a quiet and much beloved country doctor and a good Confederate soldier and, we believe, was inclined to take rather a humorous view of his dormant title.

Probably if young Fairfax had remained in Virginia or Maryland, surrounded by his native atmosphere, he would have gone on like his father before him. He went to New York as a bank clerk, however, and the newspapers there, finding a real American lord, proceeded to exploit him in their usual vulgar and flashy way. Very likely he fell in with some of the element which never has comprehended and never can comprehend the significance and dignity of real gentility. So his head was turned and now he has broken the long and honorable record of his family and exchanged the high honor of being an American gentleman for the cheap return of becoming a British subject and an ordinary peer of Scotland. We doubt if his fellow peers will admire his course very extravagantly.—[Richmond News Leader.

His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50c.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

C. & O RAILWAY.

At the meeting of the stockholders of the Chesapeake and Ohio Railway held in Richmond yesterday the charge was made that the annual report was misleading, and H. T. Wickham, counsel for the company, replied that the charge was made only by stock gamblers. Subsequently, Mr. Wickham apologized, but those who had make the charge continued to criticize the report.

John P. Branch, one of the oldest stockholders in the road, sharply attacked the report, charging that while the officers were guilty of no wrong, the report was, nevertheless, misleading, in that large sums had been charged to profit and loss, which ought not to have been so charged. Others took part in the discussion, which reached a very warm stage, when Frederick W. Scott, another stockholder, directly accused Henry T. Wickham, general counsel for the road, of insulting and badgering the minority stockholders. The report, however, was adopted, but the minority stockholders left the meeting.

Pointed inquiry from minority stockholders developed the assurance that they might expect more than the usual 1 per cent dividend in the future. The assurance came from the lips of President Stevens, who said that judging from the earnings of the road for the past several months the net earnings for the ensuing year would be the greatest in the history of the company and that the stockholders would have every reason to expect a larger share in dividends.

The old directors of the road were re-elected with one exception, that one being in the person of Martin Erdham, of New York.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

WEDNESDAY EVENING, OCT. 23, 1907.

DISPATCHES from New York tell of panicky conditions in the financial market of that city incident to the Heinze troubles and the closing the doors of the Knickerbocker Trust Company, due to a run on that institution. Notwithstanding the fact that eight millions of dollars were paid out yesterday by the company in endeavors to stem the tide, the company was eventually forced to the wall. The excitement which followed ran money up to fabulous rates, and caused uneasiness and timidity which permeated every branch of industry. The over capitalization of certain institutions, money raised on paper railroads, the investigation of insurance companies and trusts and the attention that has been directed to banks have tended to bring about present troubles. It has been declared for some time by many far-seeing people that the flood tide of artificial prosperity which has of late years spread over this country was about to recede, and all have dreaded the force of the downward current. Some solaced themselves with the hope that when the ebb came it would be slow and would probably not reach the extreme low-water mark. It has occasionally so happened and all hope yesterday's scenes may soon be followed by more tranquil conditions. But downward movements generally begin with marked force and in their terrible sweep bring disaster, leaving many wrecks in their wake.

REV. JOHN L. SCUDDER, pastor of the First Congregational Church, Jersey City, presided at a republican mass meeting in that city Monday night. He made a speech in advocacy of the re-election of Mayor Fagan. The minister prefaced his remarks as follows:

The minister of the twentieth century is something more than pious bric-a-brac or a dear, old dominie, with no mind of his own, and just about fitted to say sweet nothings to the ladies at an afternoon tea. He is a prophet of God to denounce sin in high places and to stand up for the right, no matter what the consequences may be. I am a parson. In the pulpit it is my business to preach the Gospel, but I am also a citizen in free America, and on the platform I reserve the right to speak my mind and fight openly for righteousness and decent government.

Ministers should not ignore secular matters altogether. As good citizens, it is incumbent upon them to cast their votes conscientiously and by their teachings and examples endeavor to lead their fellow-creatures into safe and conservative paths, but when they enter the political arena and mount stumps in advocacy of certain candidates they invariably run the risk of soiling their cloth, as they are certain to meet opponents and they often find themselves engaged in disputes over issues which edifieth not. Men have for centuries endeavored to blend christianity and politics, but they are still as far apart as ever. The church and the community are two separate and distinct institutions, and even if, as Mr. Scuddor charges, some ministers are of the pious bric-a-brac variety and only fitted to say sweet things to ladies at afternoon teas, they are amid such surroundings in safer places than in political camps.

PRESIDENT ANDREWS, of the University of Nebraska, in addressing the convocation of the Geo. Washington University in Washington last Wednesday, bitterly denounced what he termed malicious and willful misrepresentation of the acts of prominent public men by the press. Hanging, he said, should be the punishment meted out to a proved libeler. "None of the business villains alleged to be so rife," he continued, "can compare in atrocity with these squalid campaigns of libel and libelous caricature which recent months have produced." And many conservative men will agree with President Andrews in this.

THE fourth vice president of the Knickerbocker Company, in New York, blames all the trouble on President Roosevelt. In a statement yesterday he said: "There is a man high in authority in this country who does not know the meaning of credit, and who has consistently done all that he could to destroy this delicate constituent of legitimate business method." In a speech in Nashville yesterday President Roosevelt said he turned on the light and is not responsible for what it revealed. He declared that if the present financial troubles were due to his policies he would still adhere to them.

SENATOR MARTIN and a delegation of leading citizens and business men of Charlottesville yesterday appeared before the officials of the Southern Railway in Washington and submitted a plan for a big improvement of railway facilities including a new depot at Charlottesville. The Charlottesvilleans had better take care or the railroad company may give them a new station outside their corporate limits as they did Alexandria.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 24

Comptroller of the Currency Ridgeley has his finger on the financial pulse of the country. Although he does not care, at this time, publicly to discuss the situation, he makes it clear that he sees no reason for apprehension as to the general situation. The comptroller has in command a potent instrument for the relief of the money market. It is the call for the condition of national banks. There is no sign today that one is contemplated, but it is realized that it may come at any moment. The last call was for the condition of banks for August 29. If the usual custom is followed, the next call will be for some day in October. Treasury officials feel that the danger of a panic is greatly minimized by the personal presence in New York of Secretary Cortelyou and the fact that he will be able, if the situation demands it, to turn to them many millions. The working balance in the treasury will not permit the depositing of more than $80,000,000, however.

Secretary of War Taft is going to visit Subig Bay today, according to a dispatch received by the bureau of insular affairs of the War Department from Governor General at Manila. He is making the trip for the purpose of examining the fortifications which are being erected there by the United States, it being the intention to make this place the strongest naval and military base in the Philippine Islands.

Secretary Taft will sail from Manila November 9, on the "Rainbow," station flagship of the third squadron of the Pacific fleet according to a dispatch received today from Rear Admiral Hemphill, commanding the squadron, and who will accompany him as far as Dalny or Vladivostok.

A report from Shanghai to the effect that the United States is endeavoring to secure a naval and coaling base on the China coast is emphatically denied at the Navy Department here.

Today's treasury statements was: Receipts $2,144,199; expenditures $2,490,000.

Cooper Brothers' loss will be $1,500.

THE ROOSEVELT POLICY.

In his speech in the South yesterday Mr. Roosevelt said:

These policies of mine can be summed up in one brief sentence. They represent the effort to punish successful dishonesty.

It is impossible to cut out a cancer without making the patient feel for a few days rather sicker than he felt before.

I will protect every way in my power honest property, I will protect the honest man of wealth to the extent of my ability, and in no way can I ultimately protect the honest man of wealth so effectively as by doing everything in my power to bring to justice his dishonest brother of wealth.

President Roosevelt, in his speech in Nashville, said:

"There has been trouble in the stock market, in the high financial world, during the past few months. The statement has frequently been made that the policies for which I stand, legislative and executive, are responsible for that trouble. Now, gentlemen, these policies of mine can be summed up in one brief sentence: They represent the effort to punish successful dishonesty. I doubt if these policies have had any material effect in bringing about the present trouble, but if they have it will not alter in the slightest degree my determination that for the remaining sixteen months of my term these policies shall be persevered in unswervingly."

Everybody's Magazine for November has been received from its publishers in New York. Its articles are of deep and far reaching interest, and the fiction of unusual excellence, consisting of some clever short stories and the first instalment of a serial by Booth Tarkington. "Making Steel and Killing Men" is the leading article. "The Newest Land of Promise" tells of the exodus of farmers annually into the southwest and "Plain labels on germ enemies" explains what germs are and how and why they affect our bodies. "The Ladies' Game" and "The Players" are most readable and Charles E. Russell's series of "Where did you get it, Gentlemen?" grows more thrilling with each instalmen

Today's Telegraphic News.

The Financial Situation.

New York, Oct. 23.—Secretary of the Treasury Cortelyou, members of the New York Clearing Association, presidents of big banks and trust companies and acknowledged leaders in the money world say the trouble which almost precipitated a panic in Wall street yesterday is practically over. It is conceded even by pessimists that reports from other cities are cheering. New York's financial troubles seem to have had comparatively little effect outside of Manhattan.

The situation up to date, is as follows:

The Knickerbocker Trust Company, which suspended yesterday, with the announcement that it must realize on its resources and would reopen today, will probably not resume business for some time, if at all. A banker in close touch with the situation says financiers believe its surplus and capital were impaired and did not care to take the responsibility of helping it to tide over the crisis.

Financial interests with practically unlimited resources have pledged support. It is understood J. P. Morgan will lead in the movement to furnish funds. He and his associates are understood to consider the institution as perfectly sound, although a committee began going over its accounts early today to determine its condition.

Secretary of the Treasury Cortelyou, who is still in the city to be close at hand in the event of any possible developments, says:

"The Treasury Department will use its facilities to assist in every proper way to help the business interests. The situation seems well in hand."

Mr. Cortelyou was at the sub-treasury today. He is said to be ready to release more than $20,000,000, of government money including the $6,000,000 announced yesterday.

A conference was held last night by Cortelyou, J. P. Morgan, Geo. W. Perkins, James Stillman, Frank A. Vanderlip, A. B. Hepburn, James G. Cannon and Assistant Secretary of State Bacon.

The conference resulted in agreement that the clearing house banks are all sound; that the trust companies must be checked on their independent financial methods and brought together in some such organization as the clearing house; that New York bankers must take steps to stop future speculative or otherwise questionable methods and that there is a possibility that prosecutions may result from investigation of past recklessness in certain institutions.

Flanked by enormous stacks of money piled high toward the top of the paying tellers' cage the employes and officers of the Trust Company of America are prepared for a run which will start as soon as the doors are opened.

Before nine o'clock a double line of depositors, with pass books in their hands were lined up waiting for the opening of the window to withdraw funds. The company claims is has enough money available to pay all demands and has been assured by financial interest of their support.

The State Banking Department has taken charge of the Knickerbocker Trust Company, and it is officially stated it will not open for business this morning. Hundreds of people are congregated about the doors of the concern and its several branches and police reserves have been called out to control them.

It was announced that the allied trust companies of the city have agreed to advance fifteen million dollars to the Trust Company of America at once. This, with the $11,000,000 said to be in the institution's vaults will give it twenty-six million dollars which it is averred will prove sufficient.

Trust company officials generally declare if the Trust Company of America meets all demands on it today as rapidly as presented by all of the banks and trust companies it will weather the storm and public confidence will be restored.

There is a slight run on several banks that have been mentioned in connection with recent disclosures, but withdrawals are by small depositors entirely, and no general withdrawals are looked for.

Call money is now quoted at ninety per cent.

Security Investment Co. Involved.

Pittsburg, Oct. 23.—The Pittsburg Stock Exchange did not open today by request of the clearing house. The secretary of the exchange made the following statement:

"The exchange has closed for the day at the request of the Pittsburg clearing house. The Board of Directors acting upon this request has ordered the exchange closed."

President R. C. Hall, of the Pittsburg Stock Exchange, shortly before noon issued the following formal statement: "The Security Investment Company finds itself involved. This will necessitate the temporary suspension of receivership of the Westinghouse Electric and Manufacturing Company, the Westinghouse Machine Company and the Nernst Lamp Company. The manufacturing companies are in an absolutely solvent condition. The condition of the Security Investment Company will in no way affect the Union Switch and Signal Company or the Westinghouse Air Brake Company."

Panic Averted in Paris.

Paris, Oct. 23.—Precautions by the Rothschilds and other leading bankers, who foresaw New York's financial troubles, at the end of last week strengthened the market against the storm and prevented a panic on the Bourse at today's opening. New York conditions dominated Paris to a considerable extent, however, as usual, and the opening of the American markets is anxiously awaited. It is asserted in high financial circles that none of the big French banks are affected, though some of the smaller ones may suffer. The market showed a tendency to steady later and by noon leading financiers expressed the opinion that the worst of the troubles were over.

Steamer Still Aground.

London, Oct. 23. — The Russian steamship Lituania, which went ashore in the fog yesterday off Skillinge with 500 passengers on board, is in a dangerous position and cannot be floated, according to dispatches from Malmo, Sweden, to Lloyds, in less than eight days even with fair weather. The passengers have been taken off and sent to Rotterdam. One thousand tons of cargo has been lightered. The Lituania was from Libau.

MARRIED.

The Balloons.

New York, Oct. 23.—The United Press has received the following message from Allan Hawley, pilot of the balloon St. Louis:

"Westminister, Md., Oct. 23.—The balloon St. Louis landed at Westminister, Md., at 6:40 o'clock this morning after having completed a successful flight. Our landing was made on account of proximity of Chesapeake Bay and the Ocean. The St. Louis had traveled approximately seven hundred miles without a mishap and was under perfect control when brought down by the pilot.

Richmond, Va., Oct. 23.—The French Balloon, Anjou, with Rene Gasnier as pilot, is now believed to be over Chesapeake Bay. It passed Arminius Mines, 30 miles from this city, this morning, traveling in a northeasterly direction. The number eight was clearly visible and Gasnier and his assistant, Levee, were plainly seen in the car. It is believed to be one of those previously sighted in West Virginia.

New York, Oct. 23.—The United Press has received the following telegram from Oscar Erbsloeh, pilot, and H. H. Clayton, aide, who guided the German balloon Pommern from St. Louis to the Atlantic Ocean, probably winning the international contest:

"Asbury Park, N. J., Oct. 23.—We landed the Pommern here at 8 o'clock, St. Louis time, after a delightful trip."

Leesburg, O., Oct. 23.—Lotus II, the Brewr and Brabazon balloon landed six miles north of here at 5:10 Tuesday evening on account of illness of Brabazon.

The President's Train.

Roanoke, Oct. 23.—President Roosevelt's train arrived here at 8:10 this morning. Mr. Roosevelt spoke briefly on "Good Citizenship." The train stayed only a few minutes. The President is due in Washington at 4 p. m.

Lynchburg, Va., Oct. 23.—Quick work by President Roosevelt saved a little boy from being killed under the wheels of the executive special train at Roanoke today.

While the President was speaking from the platform of the Magnet, his private car, the rest of his train was being turned around in the railroad yards and it was necessary to hitch the Magnet to a passenger train to execute the maneuver. As the private car and the passenger train were brought together the crowd was separated and the President divided his attention between the two sections.

But a moment before the train moved, however, the executive noticed a boy of 8 or 10 years crawl beneath the coupling to pass from one side of the train to the other: "Here," cried Mr. Roosevelt, "you men down there, get that boy out this instant. He'll be crushed to death".

No one had noticed the youngster before, but two men jumped at the Presidents command and hauled the child from in front of the wheels just as they began to revolve.

Receiver Appointed.

New York, Oct. 23.—Justice Holt in the United States District Court today appointed Edward G. Benedict receiver for the stock brokerage firm of Mayer & Co., which failed for six million dollars yesterday. Bond was fixed at $100,000.

Steamer Founders in Harbor.

Lisbon, Oct. 23.—The Hamburg-American liner Borussia foundered in the harbor here last night while coaling and is a total loss. The passengers escaped, but three of the sailors are missing and probably drowned.

City Council.

The proceedings of the City Council last night were mostly of a routine nature. The official proceedings will be found elsewhere. There was a joint meeting at which Mr. Albert Bryan was elected Police Commissioner from the Fourth ward in the place of Mr. E. C. Graham, who now lives in the First ward.

BOARD OF ALDERMEN.

All the Aldermen were present, and the business was transacted without discussion and most of the time the board was in session was consumed in recesses, while waiting for papers from the lower board.

Mr. Ballenger introduced a resolution, which was referred to the committee on light and finance, fixing the salary of the Superintendent of Gas at $1,200 per annum after January 1, 1908.

Mr. Field, from the committee on general laws, to whom a petition of Mr. Wm. H. May and others protesting against the erection of a stable on the east side of St. Asaph street, between King and Cameron, had been referred, reported that it was a matter for individual and not municipal action, as there is no ordinance regulating the erection of such buildings. The report was adopted.

Mr. Sweeney, from the joint committees on finance, public property and general laws, to whom a resolution had been referred inquiring into the states of the negotiation between the City Council and the Ideal Hospital Bed Company (represented by Dr. Lauris) submitted as their report an ordinance annuling the lease to that company of certain city property near the old canal outlet, belonging to the city. The ordinance was adopted.

Mr. Sweeney, from the same committees, reported an ordinance providing for the public sale of certain property near the Old Dominion Glass Works, belonging to the city. The ordinance was in the nature of a report on petitions of the Alexandria Distillery Company and Mr. Arthur Bryant, who desire to obtain control of the same. This procedure is in accordance with the present law in reference to the disposal of wharf property belonging to the city. The ordinance was adopted.

Mr. Field, from the committee on general laws, to whom had been referred a resolution inquiring into the validity of the act providing for the position of Police Justice for this city, reported that it was mandatory to maintain such position from the fact that the Mayor, according to the city charter, is not vested with the powers of a Police Justice, but only with those of a Justice of the Peace. The report, which will be found in full in the official proceedings, was adopted.

After the transaction of some business of minor importance, the board concurred in the action of the Common Council on all the papers which had been sent in.

The board subsequently repaired to the chamber of the Common Council for the purpose of participating in the election of a Police Commissioner from the Fourth ward, and upon their return adjourned.

COMMON COUNCIL.

The board was called to order at 7:45, the President presiding.

After the Clerk had finished the reading of the minutes, Mr. Brill stated that he wished to call attention to the fact that the Clerk had been derelict in his duties in not publishing in the official proceedings the aye and nay vote on the appropriation passed at the last meeting of Council for the Relief Hook and Ladder Company. He asked the Clerk to read rules 5, 12 and 14.

Mr. Spinks moved that the correct proceedings of Council at its meeting on October 8 be published in the next issue of the Gazette.

Mr. Evans said as a mistake had been made by the Clerk, in this matter the corrected proceedings could be published without censuring the Clerk. The failure to record the vote had merely been an oversight on the Clerk's part.

The motion to publish the corrected section of the minutes was carried.

The Chair stated that every presiding officer of a body was given certain rights and privileges. He had never held the members down to the strict letter of the rules since he had been president. The rules did not require a recorded vote in every case and only when a doubt arose need an aye and nay vote be called on unimportant questions. He had not noticed the mistake in question until the next day, but he would say that he believed every member was willing to go on record as to his vote. The right of an aye and nay vote on every measure was not required by the constitution, and was not done in the legislature. The President had a right to decide as to a doubt concerning the passage or the failure of a measure and then any member could appeal from the Chair's decision.

Mr. Birrell said the chair was mistaken in regard to the legislature; in that body a roll call was required by the constitution. The legislature had a roll call on every measure.

Mr. Williams, after reading section 12, said he has been in Council four years and had never been denied the right of a roll call until at the last meeting.

Mr. Snowden said that while he had never denied the right, yet the chair could do so under certain conditions.

Mr. Brill said he had been a member for several years and that during that time the chair had never before the last meeting refused to grant a recorded vote. [The president was not in the chair at the last meeting when the vote on the Relief Company appropriation bill was taken, and as a matter of fact an aye and nay vote was not denied by acting chairman Uhler who, when the demand was made, simply said such a vote was unnecessary.]

The committee on public property reported adversely on the petition of Thomas Atkinson to repair the weather vane on the City Hall, and their report was adopted. It was jocularly suggested that a member might climb the steple and turn the vein around.

A resolution imposing a tax of $5 on persons who guide visitors through the various historic places of the city, offered by Mr. Hellmuth, was referred to the committee on general laws and finance.

A communication was received from the Relief Hook and Ladder Company returning the check for the $50 appropriated for their use at the last meeting. The company claims it was discriminated against.

Mr. Brill moved that the communication be received and referred to the finance committee, which action was taken.

A petition was read from the Fairfax Apartment House Company asking permission to put a slag roof on their building at the corner of King and Columbus streets, and also to erect a wooden light and airshaft, in that building.

Mr. Hellmuth said the work had already been finished before permission of Council had been asked; the neighbors had not been asked. The slag roof had been on three days.

Mr. Strauss said he wished to throw no impediment in the way of those who were erecting the apartment house, but that permission should have been asked sooner.

The Chair said he would not throw obstacles in the way of those erecting the house, but that it came under the same law that governed hotels, &c. He did not like the idea of a wooden airshaft, as fire would necessarily follow it; such a shaft was most dangerous in case of fire.

Mr. Harrison said a slag roof was fire proof, as was also a wooden airshaft if covered with metal, and was not beneath the roof.

Mr. Leadbeater said the airshaft was simply intended to be a skylight like many stores in the city had.

Mr. Spinks said the city had an officer to look after such things (the City Engineer) and that he should attend to the matter.

Mr. Uhler moved that the matter be laid over until the next meeting and that the City Engineer be instructed to examine the premises and report to Council. The motion was carried.

Mr. Hellmuth—"Are not fire escapes required to be placed on the building?"

The chair stated that on all public buildings over two stories fire escapes were required.

Mr. Monroe said the City Engineer had been in doubt and had turned the matter down and returned it to council.

Mr. Williams asked if the matter was laid over would it not delay the builders.

Mr. Leadbeater stated that it would. The City Engineer had no objection to the work, but thought that council should act. The builders had thought there would be no objection, and that the contractor had consequently pushed the work very rapidly.

Mr. Williams moved that the board recede from its former action, as delay would obstruct the completion of the building. It had been stated that slag was fire-proof and that the consent of adjoining property owners had been given.

Mr. Evans said that the City Engineer had been elected to oversee such matters and that it was up to him. He was willing to abide by the engineer's decision. If he said it was fire-proof it was all right.

Mr. Monroe said the City Engineer had always done his duty.

Mr. Williams said the City Engineer would rather refer the matter to council than grant the permission himself.

Mr. Birrell said the petition was in the proper place. The city ordinance had been violated. If he could give permission to do this he could do the same in regard to building any house. He said if the shaft was incased in metal it would be comparatively fire-proof. The City Engineer should see that the building was made to conform to the law.

The Chair said that if one man was allowed to erect a building and afterward ask permission of Council to do so, then the fire laws were useless. The City Engineer had noticed that the building was in violation of the law, hence the petition had been sent to Council. If the shaft was of wood it would be a menace to safety. He was not in favor of obstructing the building, but if the shaft had to be taken down, it had better be done right away. The fire laws had been carefully compiled and should be enforced.

Mr. Birrell said he was not defending the owners, as the laws had been violated. The City Engineer should be asked to see that the building was made fire-proof.

Mr. Leadbeater said he had had some experience in fire-proofing. On one occasion iron doors had been erected at his place of business as absolutely fire-proof, but that the insurance men had later ordered them taken down and wooden ones covered with metal put up.

Mr. Williams' motion to rescind from the previous action was carried, the Chair alone voting no.

Mr. Williams then moved that the permission be granted provided the work be done under the supervision and approval of the City Engineer, and this was carried.

The favorable recommendation of the finance committee on the ordinance making the license tax $2.50 per week on moving picture shows where the charge does not exceed 10 cents was received from the Board of Aldermen, that body having passed the resolution.

Mr. Burke said that as the license tax was now very heavy on such shows and that the fee was very small, the committee that decided to recommend that the resolution be passed, as the law would not conflict with any law on exhibitions.

The action of the Board of Aldermen was concurred in unanimously.

A petition to purchase certain land adjoining their plant was received from the Old Dominion Glass Company and referred to the committees on public property, finance and general laws.

An ordinance to declare the lease to the Ideal Hospital Bed Company of certain ground north of the Old Dominion Glass Works null and void, as the company had not lived up to the provisions of the ordinance, and empowering the Corporation Attorney to prepare notice of re-entry, was received from the Board of Aldermen, that board, having passed the ordinance. Council concurred in the action of the other board.

An ordinance to sell, or lease with the privilege of purchasing, to parties hereinafter to be ascertained certain land near the old canal, under certain terms and provisions, and empowering the Clerk to advertise for bids for the same, was read the second and third times and passed unanimously.

On the resolution intructing the Corporation Attorney to investigate and report as to the legality of the position of Police Justice, offered by Mr. Evans, the committee on general laws reported that they had been unable to ascertain anything affecting the legality of the position. The report had been adopted by the Aldermen.

As Mr. Evans desired to procure and read the act of the General Assembly under which he had based his resolution, the matter was laid over until the next meeting.

On the petition of W. H. May and others protesting against the erection of a stable by P. T. Harrington on St. Asaph street, between King and Cameron streets, the joint committees on general laws and streets reported that the matter was for individual and not municipal action, and the report of the committee which had been adopted by the Aldermen was unanimously adopted.

A resolution that on and after January 1, 1908, the salary of the Superintendent, of Gas be $1,200 was referred to the committees on light and finance.

Mr. Leadbeater said it was time to hear a report from the committee having the matter of the enlargement of the city limits in charge.

Mr. Evans said he was not responsible for the delay, and would look into the matter.

Mr. Brill moved that the Board of Aldermen be invited to hold a joint session to elect a Police Commissioner from the First ward, and the motion was carried.

JOINT SESSION.

The joint session was called to order by President Curtin, of the Board of Aldermen.

Mr. Spinks nominated Capt. Albert Bryan for Police Commissioner, and he was unanimously elected.

The joint session then dissolved, and immediately upon council reconvening, the board adjourned.

Official.

BOARD OF ALDERMEN.

At a regular meeting of the Board of Aldermen of the city of Alexandria, Va., held October 22, 1907, there were present:

J. R. N. Curtin, esq., President, and Messrs. Hill, Brill, Marbury, Ballenger, Field, Sweeney and Summers.

Mr. Ballenger introduced a resolution fixing the salary of the Superintendent of Gas at $1,200 per annum after January 1, 1908. The resolution was referred to the Committees on Light and Finance.

Mr. Field, from the joint Committees on General Laws and Streets, to whom had been referred a petition of W. H. May and others protesting against the erection of a stable on the east side of St. Asaph street, between King and Cameron, reported that there is no ordinance regulating the erection of such buildings; hence it was an individual matter and not one for municipal action.

The report was adopted.

Mr. Sweeney, from the joint Committees on Finance, General Laws and Public Property, to whom had been referred a resolution inquiring into the status of the negotiations between the city and the Ideal Hospital Bed Company, submitted an ordinance declaring null and void an ordinance leasing to the Ideal Hospital Bed Company certain land belonging to the city near the outlet to the old canal, for the reason that said company had made default in observing certain requirements in the lease.

The ordinance was read three times and passed by the following vote: Ayes, Messrs. Hill, Brill, Marbury, Ballenger, Field, Sweeney, Summers and Mr. President—8; noes, none.

Mr. Sweeney, from the same committees, to whom had been referred applications from the Alexandria Distillery Company and Arthur Bryant for acquiring certain property belonging to the city near the outlet lock of the old Alexandria canal, submitted an ordinance to provide for the sale or leasing of said property upon certain terms, conditions and provisions.

The ordinance was read three times and passed by the following vote: Ayes, Messrs. Hill, Brill, Marbury, Ballenger, Field, Sweeney, Summers and Mr. President—8; noes, none.

Mr. Field, from the Committee on General Laws, to whom had been referred a resolution inquiring into the validity of the position of Police Justice of Alexandria, submitted the following report:

Your Committee on General Laws calls attention of the City Council to part of an act of the General Assembly approved December 31, 1903, as follows:

An Act Approved December 31, 1903—Be it enacted by the General Assembly of Virginia, That there shall be appointed by the Corporation or Hustings Court, or the Judge thereof, in vacation, one police justice for each city of a population of ten thousand and over, in which, by the terms of its charter, no provision is made for the appointment or election of a police justice, provided that no such appointment shall be made in any city, whereby the present terms of its charter, the jurisdiction and powers conferred upon police justices by this act are conferred upon the Mayor of such city, unless Council thereof shall by resolution request that such appointment be made.

Section 34 of the charter of the city of Alexandria, approved February 7, 1898, states that the Mayor shall have and exercise all powers of a Justice of the Peace within said city.

Your committee is therefore of the opinion, the Mayor not having the power of a Police Justice, that the creation of the office of Police Justice for the city of Alexandria was mandatory and, consequently, legal.

A petition of the Old Dominion Glass Works for the purchase of certain land belonging to the city adjoining their works, was referred to the Committees on Public Property, General Laws and Finance.

Mr. Sweeney, from the Finance Committee, to whom a resolution providing for a license tax of $2.50 for a week of six consecutive days on all exhibitions of moving pictures where not more than ten cents admission is charged, made a favorable report, which was adopted.

The following were received from the Common Council and their action concurred in by unanimous votes:

Petition of C. M. Newton for permission to erect a shop at 109 north Henry street.

Petition of J. K. M. Norton to repair the roof of a stable in an alley running from St. Asaph to Washington street.

Report of the Committee on Public Property on a proposition of Thomas Atkinson to repair City Hall steeple.

Communication from the Relief Hook and Ladder Company returning a check for $50 recently appropriated by Council.

Petition from the Fairfax Apartment House Company for permission to place a light and airshaft on the roof of that building.

Resolution imposing a tax of five dollars upon all persons offering their services as guides in Alexandria.

Resolution appropriating $250 for repairs to Council chamber.

Report of the Committee on Streets on a petition of the Alexandria Light Infantry for permission to tap the Royal street sewer.

The Aldermen proceeded to the chamber of the Common Council for the purpose of participating in the election of a Police Commissioner and upon their return adjourned.

J. R. N. CURTIN, President.

Teste: LUTHER H. THOMPSON, Clerk.

COMMON COUNCIL.

At a regular meeting of the Common Council of the city of Alexandria, Va., held October 22, 1907, there were present: Hubert Snowden, esq., President, and Messrs. Leadbeater, Burke, Bisheill, Strauss, Williams, Brill, Baader, Birrell, Monroe, Hellmuth, Harrison, Uhler, Spinks and Evans.

The minutes of the last meeting were read and approved. Mr. Brill had the rules of council read and called attention to a section of the minutes that was omitted in the official proceedings as published in the Alexandria Gazette of October 9. Upon motion of Mr. Spinks the Clerk was instructed to publish the part of the proceedings that was ommitted at the last meeting.

The Committee on Streets recommended that the Alexandria Light Infantry be allowed to tap the Royal street sewer at the curb line with their armory, and the report was adopted—ayes 14, noes 0.

A resolution appropriating $250 to repair and improve the Council Chamber, was referred to the Committee on Public Property and Finance.

A resolution imposing a tax of $5.00 on each person acting as guide to strangers in the city, was referred to the joint Committee on General Laws and Finance.

A petition from the Fairfax Apartment House Company to place a slag roof on the building and erect a frame light-shaft, was referred to the City Engineer to report at the next meeting. Upon motion of Mr. Williams the action of the Council was reconsidered and the permission was granted, providing the work is done under the supervision of the City Engineer and to his satisfaction.

A communication from the Relief Hook and Ladder Company, returning a check of $50, which was appropriated for them at the last meeting of Council, was received and referred to the Committee on Finance.

The Committee on Public Property to whom was referred the petition of Mr. Atkinson for repairs to City Hall steeple reported the repairs unnecessary, and the report was adopted.

Permission was granted Chas. M. Newton to erect a one-story frame shop at No. 109 north Henry street.

Also to J. K. M. Norton to reshingle stable roof in alley running from St Asaph to Washington street, providing there is no objection from adjoining property owners.

An ordinance to provide for the lease with the privilege of purchase of certain land situated in the city of Alexandria, upon terms, conditions and provisions to the person or corporation hereafter to be ascertained in the manner prescribed by law, was received from the Board of Aldermen, read three times and passed—ayes, 15, noes, 0.

An ordinance to declare the lease to the Ideal Hospital Bed Company, incorporated, of certain land in the city of Alexandria, null, void and of no effect, was received from the Board of Aldermen, read three times and passed—ayes 15, noes, 0.

A report of the committee on General Laws on a resolution referred to them at the last meeting relating to the legality of the position of Police Justice, was received from the Board of Aldermen and upon motion laid over until next meeting.

The following was received from the Board of Aldermen and their action concurred in:

A resolution imposing a tax of $2.50 per week on moving picture exhibitions where the charge made is not over 10 cents.

Also a petition from the Old Dominion Glass Company to purchase certain property from the city of Alexandria.

Also a resolution fixing the salary of Superintendent of Gas after January 1, 1908, at $1200 per annum.

Also a report of the joint Committee on General Laws and Streets, on the petition of Wm. H. May and others to prevent the erection of a stable on St. Asaph street, between King and Cameron streets.

Upon motion the Board of Aldermen convened in joint session to fill a vacancy on the Board of Police Commissioners from the Fourth ward. Capt. Albert Bryan was nominated and the vote resulted as follows: For Mr. Bryan, Messrs. Leadbeater, Burke, Snowden, Bisheill, Strauss, Williams, L. Brill, Baader, Birrell, Monroe, Hellmuth, Harrison, Uhler, Spinks, Evans, Hill, Marbury, Ballenger, Jacob Brill, Curtin, Field, Sweeney and Summers. Mr. Bryan was declared elected and the joint session then dissolved and the board adjourned.

HUBERT SNOWDEN, President.

Teste: DANIEL R. STANSBURY, Clerk. C. C

Correction of the Minutes of the Common Council of October 8, 1907.

"A report of the finance Committee recommending an appropriation of $50 for the Relief Hook and Ladder Company, was received from the Board of Aldermen. Mr. Brill moved that the action of the Board of Aldermen be non concurred in and that $75 be appropriated, which was lost—ayes, Messrs. Strauss, Williams, Brill, Birrell, Spinks and Evans, (6), noes, Messrs. Leadbeater, Burke, Baader, Monroe, Hellmuth, Harrison, Uhler and Mr. President, (8), and the action of the Board of Aldermen was concurred in—ayes, Messrs. Leadbeater, Burke, Baader, Monroe, Hellmuth, Harrison, Uhler and Mr. President, (8), noes, Messrs Strauss, Williams, Brill, Birrell, Spinks and Evans, (6).

DANIEL R. STANSBURY, Clerk.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc. Sold by E. S. Leadbeater & Sons.

Out of Sight.

"Out of sight, out of mind," in an old saying which applies with special force to sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, too, and and chilblain disappear under its healing influence. Guaranteed by druggists. 25c.

WOULD TAX GUIDES.

Mr. Hellmuth introduced in the Common Council last night a resolution, which was referred to the proper committee, looking to an amendment to the license law by providing a tax of five dollars on every person who may act as as guide to strangers visiting this city. When a passenger steamer reaches Queenstown hundreds of sea gulls follow the vessel, and by their cackling often interfere with conversation among those aboard. When electric trains stop at King and Columbus streets almost as many boys, white and colored, make a rush among the passengers and also bring to a stop all conversation by pulling at strangers and offering their services as guides. The lady and gentlemen tourists who start toward Christ Church for the purpose of enjoying quiet musings in that historic edifice are followed by there juvenile annoyers, and often their visits are rendered unpleasant by these urchins. It may be safely said that not one of the youths is familiar with the history of the city, and in attempts to obtain dimes tell all sorts of stories about different points. A day or two ago a boy was showing some visitors a building in which the youth said the first postage stamps used in America were printed.

RIVAL BOAT COMPANIES.

As stated in the Gazette of that day the U. S. Supreme Court on Monday granted a writ of certiorari in the case of the Weems Steamboat Company, of Baltimore, against the People's Steamboat Company. It appears that the People's Steamboat Company is a rival transportation line, which seeks to avail itself of the many wharves and landings which the Weems Steamboat Company either owns or controls along the Rappahannock river. The Weems Steamboat Company claims the exclusive use of these wharves. The case was first heard at Richmond, where the federal court decided against the Weems Steamboat Company on the ground that the wharves and landings were primarily for the benefit of the public and that the People's Steamboat Company was entitled to their use, provided they paid an equitable rental. The Circuit Court of Appeals upheld the lower court, and the Weems Steamboat Company now brings the case up to the Supreme Court of the United States. The counsel for the Weems Line are Messrs. George Weems Williams, St. George R. Fitzhugh and Nicholas P. Bond, while Mr. William G. Carter appeared for the People's Steamboat Company.

CITIZENS' ASSOCIATION.

Residents of Cherrydale, Alexandria county, met last night and partly adopted a constitution for the Citizens' Association lately formed there.

There being a vacancy in the board of school trustees in the Cherrydale district, the association unanimously presented the name of R. Bruce Harrison to fill the vacancy, and Superintendent of Schools James E. Clements and Commonwealth's Attorney Crandal Mackey, constituting a majority of the school trustee electoral board of the county, being present, a meeting was held, the resignation of Mr. George G. Boteler as school trustee accepted, and R. Bruce Harrison unanimously elected to fill the vacancy.

NEW POLICE COMMISSIONER.

Captain Albert Bryan was last night by a unanimous vote of a joint meeting of the City Council elected Police Commissioner from the Fourth ward in place of Mr. E. C. Graham, who, according to the recent re-districting of the city, now resides in the First ward. The selection of Capt. Bryan for the position meets with the hearty confirmation of the community. Faithful and energetic in the private affairs of life, he was equally so as a representative in Council several years ago, his labors as chairman of the finance committee having been justly appreciated. It may be confidently stated that he will perform his duties equally as faithfully as a Police Commissioner.

THE COLLISION YESTERDAY.

Seven persons it appears were injured early yesterday morning in a collision between cars of the Great Falls and Old Dominion Railway Company on the Aqueduct bridge. The damage to the cars will amount to about $500. Car 8 was running from the barn, in Virginia, to the north end of the bridge to start on its first run. The other car is what is known as the short-line car, carrying passengers from the terminal, at the north end of the bridge, to Rosslyn, where they transfer for Great Falls or to the cars of the Washington, Arlington and Falls Church line. Both motormen were evidently traveling under the assumption that the bridge was clear.

MOVING PICTURES.

The moving picture entertainments given nightly by the Metropolitan Moving Picture Company at the Opera House are growing more popular nightly. Large audiences, the greater percentage of whom are ladies and children, gather to witness the pictures, which are highly entertaining and instructive to both old and young. On Thanksgiving Day the Passion Play in moving pictures as produced at Oberammergau will be exhibited for the benefit of the Methodist Protestant Church.

POLICE COURT.

There were but two cases before the Police Court this morning A white man—an old offender—charged with being drunk in the street, was sent to jail for ten days. Two horses which had been taken up in the streets, were turned over to their owners, the animals having broken their halters and left the stable, to which they had been placed.

W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow at 3 o'clock at the Children's Home on Duke street.

The regular weekly prayer meeting will be held at 7:45 o'clock tomorrow evening at the Children's Home on Duke street.

ROBBERY REPORTED.

George Baker, who resides at Pohick Station, Fairfax county, was robbed shortly after midnight last night of three pairs of shoes, hosiery and a carrier pigeon which he left on a stool in a King street lunch room.

According to the report made by Mr. Baker to the police he left the stolen articles on the stool while he repaired to the rear of the establishment prior to given his order. Upon his return the articles were missing. Three young men who were in the establishment at the time, it is said, beat a hasty retreat from the place immediately following Mr. Baker's entrance. The police are investigating the case.

WILL HEAR ARGUMENTS.

Arguments will be heard in the Circuit Court for Alexandria county at 10 o'clock tomorrow morning, Judge J. B. T. Thornton presiding, as to whether or not the receiver for the Washington, Arlington and Falls Church Railway Company should be made a party to the damage suits pending against the company. The railway company will be represented by Messrs. Moore, Barbour and Keith and Judge Nicol. The claimants will be represented by attorneys from this city, county and Washington. The suits pending aggregate to nearly half a million of dollars, and they are the outcome of the Clarendon wreck, July 8 last.

PERSONAL.

Mrs. Percy Clift and Miss Alena Shinn left today for a visit to the Jamestown Exposition.

Miss Sallie Winn Faulkner, youngest daughter of former United States Senator Charles J. Faulkner, was married yesterday at the Faulkner home, Martinsburg, W. Va., to Stephen R. Snodgrass. The bride is well known in this city.

Mr. Edward K. Powel, of the United States engineers, who has for the past year been on special duty under the adjutant general of the army of Cuban Pacification, Havana, Cuba, is visiting his home on north Washington street.

FOOTBALL.

The Episcopal High School football team will play a game with the team representing Jacob Tome Institute, of Maryland, Saturday next on the latter's grounds. As both teams are regarded as evenly matched a good game is anticipated.

The second team of the High School will on Saturday next, on their own grounds, meet the second team of the Western High School, of Washington. The second team of the visiting school is regarded as a very strong one.

PLAN TRIP TO BALTIMORE.

At the semi-monthly meeting of Fitzgerald Council No. 459, Knights of Columbus, which will be held at St. Mary's Hall tonight, arrangements will be made by the members of that organization for going to Baltimore Sunday next to witness to exemplification of the second and third degrees of the order. It is expected that a majority of the members of the order will go. A New York degree team will put on the work.

BALLOON SEEN AT MANASSAS.

A balloon, supposed to be one of the racing balloons, is reported to have passed over Manassas at 8 o'clock this morning. The derelict was plainly visible and watched with considerable interest by the residents of that place. According to the report received in this city the balloon was traveling in a northeasterly direction and was said to be comparatively low. The occupants were plainly visible.

SALE OF TUGBOAT AND BARGES.

Capt. R. F. Knox, auctioneer, will offer for sale at 10 o'clock tomorrow morning in front of the warehouse of J. Dreifus & Sons, on the Strand, the steam tug "Spray," with all appurtenances; also four barges with their appurtenances, lately used by Mr. James McQuen.

LOCAL BREVITIES.

There was no session of the Alexandria County Circuit Court today.

Chief Petty's horse, "Skyrocket," badly injured himself in his stable last night.

The democratic city committee will meet tonight at 8 o'clock at the opera house cafe.

The ice cream social given at the Village Chapel last night was well attended and was successful in every respect.

A rummage sale is being held by the ladies of the Lutheran Church, at their parish hall, 207 north Alfred street.

In the Corporation Court today John J. Nugent was appointed administrator of the estate of Ellen P. Nugent, deceased.

A marriage license was issued in Washington yesterday to Thomas R. Cassady, of Alexandria, and Cora M. Kincheloe, of Clifton Station.

The reception given yesterday evening by the faculty and senior class of the Episcopal Theological Seminary to the other classes of students at that institution was largely attended and was a most enjoyable affair in every respect.

The Alexandria Athletic Club and the St. John's College team, of Washington, played an interesting game of football on the grounds back of Colross yesterday evening, resulting in the score of 15 to 0 in favor of the Alexandria Athletic Club. The A. A. C. will endeavor to play a game in Alexandria every Saturday.

Mr. Peter Sinclair, who formerly lived in this city, died in Cumberland, Md., last night. Mr. Sinclair was a member of Alexandria Lodge of Elks and a special meeting of that lodge will be called tonight at 7:30 o'clock to take suitable action. The deceased was associated with the Fleishmann Hotel for a number of years.

MASONIC.

The United States Supreme Council, 33rd degree, Scottish Rite Masons, for the Southern jurisdiction, which had been in session in Washington since Monday, closed last night with the election and installation of the following officers:

I. L. H. Smith, Baltimore, sovereign grand commander; Robert L. Pendleton, District of Columbia, lieutenant sovereign grand commander; E. W. Lampton, Mississippi, grand prior; I. H. Walker, Georgia, grand chancellor; E. S. Baker, Missouri, grand minister of State; Joseph P. Evans, Maryland, grand treasurer general; James O. Bampfield, Washington, secretary general; Hamilton S. Smith, Washington, D. C., auditor general; Alfred A. Watts, Baltimore, assistant auditor general; J. H. Murphy, Baltimore, grand master of ceremonies.

At night the members of the Supreme Council attended the Royal Order of Scotland banquet.

The November Metropolitan, which has been received from its publishers in New York, is its Thanksgiving number. It has a variety of strong articles and fiction that appeal to the heart. John Sharp Williams publishes his views of the negro problem and its possible solution in a fair and unprejudiced paper. "Our Riches of the Far North" is a careful study of Alaska. "The narrative of Peter Allaire" an American was written in the Bastile, where he was imprisoned on charge of attempting to poison Benjamin Franklin, "The Mexican War" gives an account of General Scott's campaign, and "General Grant's Close Call," "The World at Large," "The Drama of the Month" and seven good stories complete this excellent issue.

A new book by Alexander Hunter, author of "Johnny Reb and Billy Yank" has just been issued, entitled "The Huntsman of the South." In it the author, a sportsman of wide reputation, gives the benefit of his rich and varied experience to young and old, the beginner and past master, Typographically the book is of the best, and is illustrated by well-known artists and from photographs taken by the author.

New York Stock Market.

New York, Oct 23.—The stock market opened this morning in a somewhat demoralized condition, owing to the fresh anxiety aroused with regard to the trust companies, and there were large declines in the railroad list. Amalgamated Copper opened down over a point. American Smelting and Refining declined 14. The United States Steel stocks continued to show support, losing comparatively small fractions. After ten minutes trading the market continued unsettled. There was a steadier tone to the stock market in the afternoon and moderate recoveries were made.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bolt, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much fear the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequaled for croup and whooping cough. For sale by Gibson & Timberman and W. F. Creighton & Co.

TO WHOM IT MAY CONCERN:
I recently reduced my car fare to 15c from the Union station to any part of the city, hoping it would meet with the approval of the traveling public and that I would have their patronage. But to the contrary I find the majority prefer the 25c fare to the 15c fare, therefore I have decided to put the price back to 25c on and after this date—October 22nd. Very respectfully,

MORE FIGHTING.

According to semi-official information received at the Spanish legation at Tangier, yesterday, the French forces at Casablanca, under the command of Gen. Drude, suffered a serious repulse at the hands of the Moors Monday. Moorish troops estimated to number 7,000 men, and equipped with field guns and modern rifles, not only drove the French back to the city wall, but menaced the town to the extent that the authorities found it expedient to request aid from a Spanish war ship in the harbor to repel the attack.

The French troop ship Artois left Tangier last night hurriedly with troops and machine guns on board. This force is going to the assistance of Caid Anflous.

A dispatch from Casablanca, dated Sunday, says, the timely arrival of Gen. Drude with reinforcements alone saved Col. de Freytay's reconnoitering column from annihilation near Taddert. The arrival of re-enforcements turned the tide, and, with a loss of one officer and two men killed and nine wounded, the French left more than sixty Moors dead on the field.

TROUBLE ON BATTLESHIP.

Race trouble broke out Monday aboard the battleship Minnesota, at the Norfolk navy yard, and a negro cook to the warrant officers' mess was roughly handled amid threats of lynching by the 700 men aboard the battleship. Details of the affair are difficult to obtain, owing to the reticence of naval officers, but it is reported that the negro "imposed on" one of the white seamen, Some of the more angry members of the crew wanted to lynch the negro, while others, who picked him up bodily, were making to the rail to throw him overboard, when restrained by Assistant Boatswain Footsman. The sailors say that the negro was at fault, and that they could not stand to see their shipmate treated as he was by the negro. Quiet was quickly restored when the officers became cognizant of the situation. The negro left the ship after the trouble was over.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time the ncountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by all drug stores. 50c and $1.00. Trial bottle free.

MURDERED IN HOTEL.

A. H. Barry, about thirty years of age, of Rome, Ga., was found dead in his room at the Hotel Fairfax in Norfolk yesterday afternoon about 2 o'clock. His head was crushed in as though he had been struck by some blunt instrument and his throat was cut from ear to ear, probably with a razor. As his money and other valuables are missing, robbery is supposed to have been the motive of the crime.

Berry was discovered lying prone upon the floor in a pool of his own blood. The murdered man had been visiting the Jamestown Exposition. He was a son of George Berry, of Rome, Ga. His family is prominent and very popular. Berry left Rome three weeks ago for a trip to the north. He had been in New York and other cities, and was on his way home when he stopped at Norfolk.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail samples free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E. S. Leadbeater & Sons.

A LOVER SHOOTS HIMSELF.

W. R. Bolton, aged 24 years, of Roseland, Nelson county, lies at the University Hospital in a critical condition from a bullet wound in his left breast. Piqued because the young lady upon whom he lavished his affections left his company for that of another young man, Bolton made an attempt at suicide in the girl's presence. When picked up after the shooting he said to his sweetheart:

"I tried to send it through my heart."

The young man was taken to Charlottesville by his father, who refuses to give the name of the young lady. She was so shocked that she is now ill at her home, at Variety Mills.

Make a note now to get Ely's Cream Balm if you are troubled with nasal Catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membrane that lines the air passages. It is made to overcome the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros., 56 Warren Street, New York.

NOTICE.—The Board of Directors of the CHR. An investment you wish to make, rest assured the safest investment you can possibly make is to deposit your money in the Savings Department of this corporation where it will earn 3 per cent. interest compounded twice a year. Your principal will then be always at your command and cannot depreciate in value. You can start an account with this corporation for $1.00 or upwards. If you have other investments in view isn't it advisable to have your MONEY MAKING MONEY while you are deciding this matter. There's many a $1 or $5 bill spent unnecessarily because it is carried in the pocket, when a savings account would have discouraged or prevented the expenditure. A bank account is not only a convenience, but a great encourager of economy, so why not commence right and open an account with us today. We invite you to do so and promise courteous and liberal treatment consistent with sound banking methods.
